GAMBLING is wrong. It ought to be stopped.

Give the two towns better public school buildings. They are badly moeded.

THE editor was 21 years old yessterday. Beware! Brother Green, you're talking to a man now.

From the article that appeared in ast week's Banner it is very evident that Uno knows but very little.

It is pretty generally rumored that Prof. George B. Myers will be a candidate for re-election as county school commitsioner. He has made a good officer.

J. F. SANDER, business manager of the Press is an applicant for the Marble Hill post office. The editor knows him to be in every way quallifled for the place and believes be will serve the people well if appoint-

En Crow of the Methodist Advocate offers to send his photograph to anyone securing four subscribers for his paper. By the great horned spoons! what does anyone want with it? That mug of Edic would stop clock works and pull up wheat.

IF MARBLE HILL men want to write a berlesque on the Press' write up of the two towns, we are willing and appreciate the production; but what we don't understand is why they attempt to cleak the affair by dating the contribution at Stroderville.

THE Cape Girardeau papers are at present building roads all over the state of Missouri, or at least Louis Houck is furnishing the news to the editors and they are picturing them out on paper.-Charleston Enterprise.

Louis Houck does not make a busstness of furnishing news to newspa- preach on the subject of Tem pers. He builds railroads.

THE DEMOCRATS have had their on way in Southeast Missouri long enough, and too song for the best interests of the country. The people are certainly getting tired of being pulled around by the politiclan that can tell the biggeat lie or that can get away with the largest office. They only need to be edu cated to touck for themselves and act accordingly, search for the truth, and believe it in preference to a talschood.—Texas correspondent in Banner.

How do our county officers like the above, indorsed by a paper that claims to be trying to raise the standing of the county; and how de the people like the instruction on their intelligence and honor indors ed by the same paper?

Does D. C. HUSKEY who writes a letter from Sherman, Texas, to the Banner, very strongly intimating that the county officers of Holling remarky are secretly getting away with the county funds, remethorthe time that County Clerk F. M Wells and other of the present com ity officers loaned him money? Doethe remember that the same parties indorsed his notes enabling him to get money with which to attend school? Does he think such insinnations payment for acts of kindness shown him? And does the Banner claim to be a fair and can-"d paper when it indorses such at. 1 knows them to be
